### COMMUNICATION.

EDITOR JOURNAL:-Believing it to be the duty of an editor to assist in correcting evils of all kinds that may exist in a community whose moral tone to a very large extent is controlled and formed by the press. I take the liberty of trespassing upon BALANCE OF OUR STOCK your columns: At church yesterday we had but thirty persons present though our much loved pastor Rev. Mr. Lucas, delivered the most touching and eloquent discourse I have listened to upon this coast. Whilst drinking from this most exquisite fountain of knowedge, my attention was attracted to the slender audience present and intuitively my mind wandered to my childhold home Fall and Winter Goods where the pine, the cypress and the sturdy oak shelterd us from the burn ing Sun, and where on each Sabbath our townfolks and neighbors for miles would regularly wend their way to our church upon the hill, crowding that ancient edifice to the dome. And yet our little town had but little over half the inhabitants of Reno, causing the question to irreristably arise in my mind, what are Hoosiery and Furnishing Goods! the husbands and wives, the mothers and fathers the widow, the maid and our young men doing that they neglect and pay no attention to the Sabbath or the house of God? C.

Surgery .- It is no longer necessary for the afflicted who need surgical aid to go to the "coast," as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He gaurantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Carpets, Gil-Cicths, Wall Paper, Also gives special attention to clronic diseases.
